

# SMALL ORDER CATALOGUE

We are thrilled to announce our **collaboration with NGOs in Hong Kong, showcasing some products with logo imprints created by the underprivileged.** Our sustainable products support eco and social impact, making them perfect **for E.S.G. initiatives.**

# SITUATION IN OUR WORLD & IN HK

- Climate change leads to extreme weather
  - Abuse use of disposables, plastics or paper or styrofoam...
  - Improper disposal of waste
  - Micro plastics affect bio life & go into our food sources
  - Impact on biodiversity
- 
- *In 2022, there were some 11,130 tonnes of MSW disposed of at landfills each day*
  - *PET is the world's most recycled plastic, Hong Kong's 12.3 per cent for all kinds of plastics*

# OUR BELIEF

# YIN-YANG BALANCE

---

Our logo features a traditional Chinese YIN-YANG symbol integrated with a leaf, representing balance of our plant earth and the harmony shared by human and environment.

Now is the time for us to take action to restore this balance, which directly influences both our well-being and the natural world surrounding us.

**We advocate for social inclusion,  
empowering the underprivileged to drive  
community change.**

# ECO Attitude

## EQUAL Responsibilities

BE THE CHANGE | MAKE THE CHANGE

**REUSABLES** to reduce waste / carbon footprint...

- Different green materials
- Service providing reusables (see Circularity Service)

**DISPOSABLES** that are recyclable or friendly to the earth

- Recyclable / Biodegradable / Plastic-free
- Service providing reusables (see Circularity Service)

**UNIQUE CIRCULARITY SERVICE** generates both eco & social impact.

*Suitable for events, seminars, office buildings, malls...*

# ABOUT US

In 2014, we proudly became the **FIRST** in Hong Kong to launch reusable and heat-resistant PLA coffee mugs. It was a challenging journey, but our passion drove us forward.

**Solution Provider**  
Import/Export, Wholesale  
and Retail Trades

Back in 2016, we were likely the **ONLY** social enterprise in Hong Kong dedicated to products crafted from sustainable materials. We collaborate with a wide range of clients, both locally and internationally, offering sustainable products and tailored recommendations.

Extensive expertise and understanding of sustainable materials and products

# OUR STRENGTH

**Product Life Cycle Management (PCM):  
Planning and Strategy**

**Knowledge and experience with various  
Sustainable materials.**

**Network of factories for quality & authenticity.**

# OUR GOALS

## Goals 1

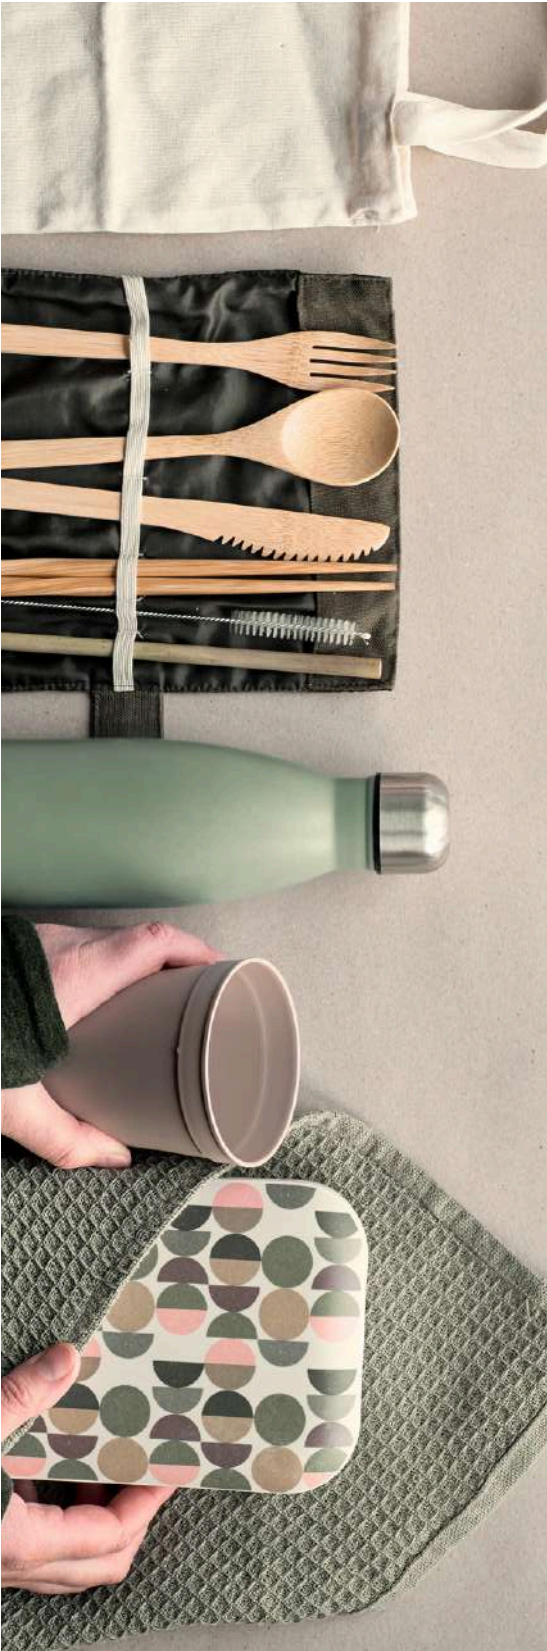

Provide sustainable products to both local and international clients and organizations. The materials we use include recycled PU, recycled plastic, biodegradable bioplastics, and biodegradable fabrics, among others.

## Goals 2

One of Hong Kong's leading social enterprises, collaborates with NGOs and companies, to promote a circular economy and sustainable products and services.

## Goals 3

Address and meet the diverse needs of clients and programs regarding quantity, print colors, and materials.

## Goals 4

Generate positive environmental and social impact through your products and services. Advise clients on the most suitable materials and products to achieve this goal.

# CARBON FOOTPRINT REDUCTION ON REUSABLES

***Switch from disposables to reusables to counterbalance their higher initial impact.***

## **FOR A 500ML MUG/BOTTLE**

- Stainless Steel: ~10-20 uses (vs. plastic cups) or ~5-10 uses (vs. paper cups)
- Glass/Ceramic: ~7-15 uses
- Hard Plastic: ~5-10 uses

## **FOR A REUSABLE BAG**

- Cotton tote: ~50-150 uses
- Polypropylene (Non-Woven Plastic): ~10-20 uses
- Recycled PET: ~5-15 uses
- Jute/Hemp: ~50-100 uses

***Anyone can make this change by altering a habit, which conserves carbon emissions, water, and natural resources, while also saving money.***

# CUSTOMIZATION & PERSONALIZATION

## LOGO IMPRINT OPTIONS:

- Silkscreen, 1C to 2C
- Digital print, CMYK
- UV print, CMYK
- Laser engraving
- Emboss / deboss
- UV stickers, CMYK

Perfect for events or incentive activities , especially E.S.G. focus programme.

**REMEMBER, some products are locally done by the underprivileged supervised by our NGO partners. CONTACT US, feature their efforts in your products.**

## Future plan:

On-site personalization service to create immediate Eco & Social Impact!

The image shows a collection of honeycomb kraft wrapping paper products. On the left, there's a roll of paper, a tube wrapper, and several wrapped items. On the right, a hand is shown holding a sheet of the paper. Below the hand, there are icons and text describing the paper's properties: Recyclable Material, Anti-scratch, Cost Effective, and Productive Cushioning. At the bottom, there's a section for 'Wine Protective Sleeves' which are biodegradable, compostable, and recyclable. This section includes images of wine bottles in sleeves and icons for Reusable, Professional, Thicker Material, Shock-Proof, and Wide Use.
